| Descripción         | <p>When you think about Switzerland don't you have in mind the image of a Swiss Chalet village slap in the lap of the Mountains? This is Les Diablerets: "little devils", located in the heart of the Alps Vaudoises. This village entirely made up of chalets, has great cachet and a penny to develop while preserving its heritage.</p> <p>Just looking up you cannot miss the majestic Glacier, the top is at 3000 meters.</p> <p>Jump in the mountains with the Glacier 3000, dominate the snowy peaks and risk you on the only bridge in the world which connects 2 summits. Take advantage of the fun Park and the enjoyments of the snow in winter where sleds are waiting for you. In summer, let you tented by a descent in RollerCoaster. The glacier offer 3000 multiple activities in an exceptional frame.</p> |
| Salida              | In front of the Casttle of Ouchy - Place du Vieux-Port                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
